NextPDFPro – User Manual (Quick Start Guide)

Welcome to NextPDFPro

NextPDFPro is a professional offline PDF conversion suite designed for fast, secure, and reliable document work. This guide will help you get started with installation, trial mode, features, and license activation.

1. Installation
• Run the installer: NextPDFPro_Setup.exe
• No admin rights required
• Installs to your Local AppData folder

2. First Launch
When you run NextPDFPro for the first time:
• EULA appears – click "I Accept"
• You enter the 7■day free trial
• All output PDFs include a watermark: "NEXTPDFPRO"

3. Main Features
• Word → PDF
• Excel → PDF
• PowerPoint → PDF
• Images (JPG/PNG) → PDF
• PDF → Word / Excel / PPT / Images
• Merge multiple PDFs
• Split PDF into pages
• OCR: Extract text from images or scanned PDFs
• Fill interactive PDF forms

4. License Activation
To unlock the Pro version:
1. Purchase a license (payment link on our website)
2. Open NextPDFPro → Help → Activate License
3. Enter your Email + License Key
4. Restart the application

5. Trial Mode
• 7■day full-featured trial
• Watermark on exported PDFs
• After activation, watermark removed forever

6. Support
Email: support@mydesktoptools.com
Website: https://nextpdfpro.com
